August 2016

Dear Parent/Guardian,

As we gear up for another school year, I want to make you aware of a valuable resource available to parents of all Broome County students.

My office recently launched the First Step Program, to provide confidential, free, voluntary drug testing to help families identify potential drug problems, and get help, before it's too late.

The First Step Program is a partnership with Evolution Consulting, of Binghamton. Evolution Consulting incurs the costs of the testing, because they, too, are dedicated to getting families the resources they need to fight the drug epidemic and saving lives.

The comprehensive 15-panel drug tests at Evolution Consulting are highly accurate; far more reliable than the drug tests for sale at pharmacies.

The drug tests will be analyzed at one of only 11 certified labs in the country; results will be available within 24 hours.

Again, there is no cost for families to utilize this important resource, and the results will only be made available to the student's parents or guardians.

To receive free and confidential drug testing, visit Evolution Consulting, located in the Metro Center, at 49 Court St, Binghamton, Monday through Friday, between 8:00AM and 4:30PM, or call (607) 240-2404.

I wish all of our students, parents and educators a safe and successful school year, and look forward to working together to offer our students everything they need to reach their potential.

Sincerely,

Stephen K. Cornwell Jr.
Broome County District Attorney
